Certified ECP Designation Placement Guidelines

The Extron Control Professional Certification Program enables you to:

- Develop advanced knowledge of how to configure and support larger, more sophisticated Pro Series control systems
- Obtain a thorough understanding of Global Configurator Professional
- Learn the best practices of configuring a wide range of room control functions
- Achieve industry recognition for you and your company
- Earn continuing education credits for professional organizations, such as InfoComm

Text Option Guidelines:
- Use exactly as shown above
- Times New Roman font
- Font size should be consistent with other elements on the business card, résumé, or related stationery

Logo Option Guidelines:
- Download ECP logo from the Extron website
- Use exactly as shown above
- Logo must not be smaller than 1/2" wide
- Text and logo options cannot be used together

Certified ECP is an individual certification and not a company certification; therefore, this designation should not be displayed in any way that suggests the entire company carries that certification.
