

Certified ECS Designation Placement Guidelines

The Extron Control Specialist Certification Program enables you to:

- Develop comprehensive knowledge of how to configure and support Extron Pro Series control systems
- Obtain a thorough understanding of Global Configurator Plus and control system design concepts
- Learn the best practices of configuring a wide range of room control functions
- Achieve industry recognition for you and your company
- Earn continuing education credits for professional organizations, such as InfoComm

As a certified Extron Control Specialist, ECS, you may place the full title of your credential on your company business card, email signatures, resumé, and related stationery to add professional credibility to your status in the AV industry.

The certified Extron Control Specialist designation may be displayed in one of the following ways:

Text Option Guidelines:

- Use exactly as shown above
- Times New Roman font
- Font size should be consistent with other elements on the business card, resumé, or related stationery

Logo Option Guidelines:

- Download ECS logo from the Extron website
- Use exactly as shown above
- Logo must not be smaller than 1/2" wide
- Text and logo options cannot be used together

Certified ECS is an individual certification and not a company certification; therefore, this designation should not be displayed in any way that suggests the entire company carries that certification.
