

# Extron and Logitech Create an Exceptional Skype for Business Experience

Extron has entered a partnership with Logitech as part of the Logitech Collaboration Program. This partnership will add Extron AV control capabilities to the Logitech SmartDock, allowing meeting attendees to use the full range of Skype for Business conferencing features, then effortlessly

switch to room AV control right from the same device. Any room with a Logitech SmartDock is equipped to utilize Extron's powerful AV control capabilities, delivering a scalable, turn-key collaboration and control solution that's ideal for any presentation application.

**HVAC  
Building Management  
Systems**

**Device Management  
and Analytics**

**Display and AV Devices**

**Lighting and Shades**

**Logitech ConferenceCam  
Controls**

Any room with a SmartDock is equipped to utilize Extron's powerful AV control capabilities, delivering a turn-key collaboration and control solution that's ideal for any presentation application.

- ▶ Extends the capabilities of the Logitech SmartDock to include customized applications where AV or environmental control is needed
- ▶ Combines Extron device controls with Skype for Business into a single, easy-to-use desktop appliance
- ▶ Incorporates Logitech camera control on the SmartDock
- ▶ Integrate occupancy sensors to automate lighting, display power, shade control, and other devices.
- ▶ Adjust temperature, control display power and other room functions directly from the SmartDock
- ▶ Easily integrates with other Extron architectural, signal distribution and collaboration products
