

IMPORTANT:
Go to www.extron.com for the complete user guide and installation instructions before connecting the product to the power source.

Cable Retraction System • DC Power Retractor Compatibility Guide

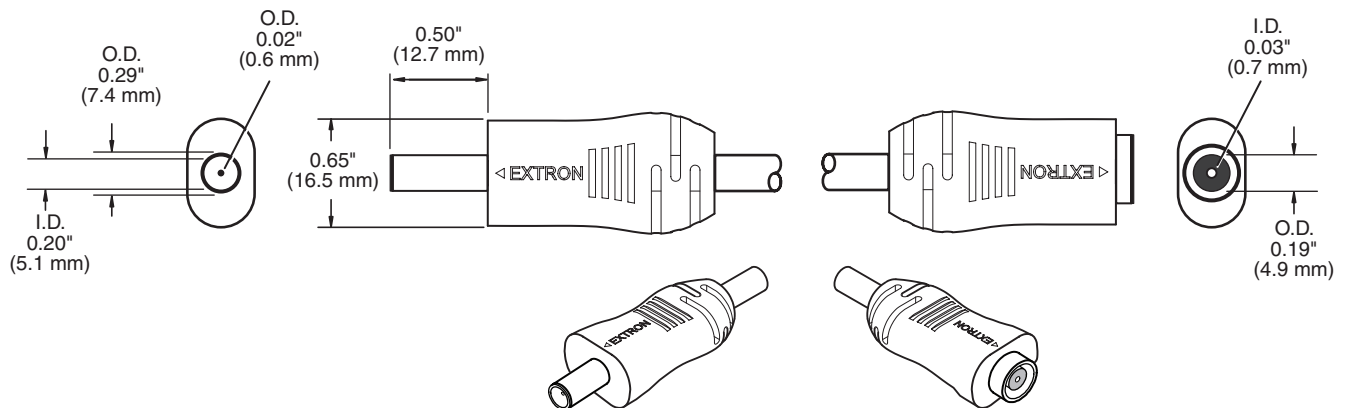

This guide provides a cross-reference of compatible laptop computers for the Cable Retraction System DC power retractor. The DC retractor is compatible with, but not limited to, late-model HP and Dell laptops. Dimensions of the DC connector are included allowing a technician to accurately determine compatibility.

Instructions for an experienced technician to install the Extron Cable Retraction System for Cable Cubby® Enclosures are available online in the *Cable Retraction System User Guide* at www.extron.com.

- ATTENTION:**
- Use only the power supply recommended by the manufacturer of the laptop.
 - The retractor DC power connectors may not be compatible with all models of Dell and HP laptop computers and power supplies.
 - Always measure your connector and refer to the dimensions below to determine compatibility.

DC Power Cable Connectors — Dimensions

NOTE: You can either measure your power connector or contact the laptop or laptop power supply manufacturer for the dimensions. Compare the dimensions with those shown in the diagrams above. The dimensions must match for compatibility.

Cable Retraction System • DC Power Compatibility Guide (Continued)

Compatibility Cross-reference

The following tables are provided as a convenience. Always measure your connector and refer to the dimensions on the previous page to accurately determine compatibility.

- NOTES:**
- If your model is not listed, contact the laptop computer or power supply manufacturer for the power connector dimensions. Refer to the dimensions on the previous page to determine compatibility.
 - Even though listed in the tables, variations within models may make certain models incompatible.
