

Cable Cubby Power Module AAP Single Space Bracket Kit

Install the single space bracket as follows:

1. If necessary, remove the Cable Cubby from the installed location. Refer to the *Cable Cubby User's Manual*.
2. If necessary, remove the power module from the Cable Cubby. Refer to the *Cable Cubby User's Manual*.

WARNING *Disconnect power from the power module before removing the side panel.*

3. Remove and discard the four screws that secure the side panel to the power module and the side panel itself. See the drawing at right.
4. Using the four screws included in the kit, install the single space bracket where the side panel had been. See the drawing at right.
5. If applicable, reinstall the power module in the Cable Cubby and reinstall the Cable Cubby.
