

## CSM 6

### Captive screw plug to 3.5 mm mini jack adapter

The Extron CSM 6 (PN 26-620-01) is a high quality, captive screw plug to a 3.5 mm mini jack adapter, with 6" (15 cm) cable length.

It converts a 5 pole captive screw connection to a female mini jack, so that an Extron 3.5 mm mini plug to mini plug audio cable can be used for quick and convenient connection.

The captive screw end can plug into input or output connectors of an Extron product.

## CSR 6

### Captive screw plug to RCA female audio adapter

The Extron CSR 6 (PN 26-575-01) is a high quality, captive screw plug to an RCA female audio adapter, with 6" (15 cm) cable length.

It converts a 5 pole captive screw connection to RCA female audio connectors for quick and convenient balanced (captive screw) to unbalanced (RCA) audio connections.

The captive screw plug works with input or output connectors of many Extron products.
