

Certified NAV Designation Placement Guidelines

The Extron Network AV Specialist Certification Program enables you to:

- Learn best practices for networked AV system design and deployment
- Gain an understanding of matrix switching and Pro AV over IP
- Configure point-to-point and multipoint-to-multipoint networked AV systems
- Get hands-on experience with Extron NAV System encoders, decoders, and software
- Explore when and how to deploy Extron NAVigator Pro AV over IP System Manager
- Learn effective NAV system fault identification and troubleshooting techniques

As a certified Extron Network AV Specialist, NAVS, you may place the full title of your credential on your company business card, email signatures, resumé, and related stationery to add professional credibility to your status in the AV industry.

The certified Extron Network AV Specialist designation may be displayed in one of the following ways:

Text Option Guidelines:

- Use exactly as shown above
- Times New Roman font
- Font size should be consistent with other elements on the business card, resumé, or related stationery

Logo Option Guidelines:

- Download NAVS logo from the Extron website
- Use exactly as shown above
- Logo must not be smaller than 1/2" wide
- Text and logo options cannot be used together

Certified NAVS is an individual certification and not a company certification; therefore, this designation should not be displayed in any way that suggests the entire company carries that certification.
